

STREET CLOSURE REQUEST FORM
CITY OF HARRISBURG – BUREAU OF TRAFFIC & ENGINEERING

123 Walnut Street, Suite 212, Harrisburg, PA 17101
Phone: 717-255-3091 - E-mail: streetcuts@harrisburgpa.gov

REQUIREMENTS

This request for permission to close a street within the City of Harrisburg must be completed and received by the City Engineer for review at least 3 business days prior to the planned closure. The City Engineer will inspect the location, review your detour and traffic control plans and approve or disapprove your request. Please note that you are responsible for the actual physical closure and must follow all city, state and federal regulations in respect to Work Zone Traffic Control. Refer to PennDOT Pub 213 (67 PA Code, Chapter 212). It is your responsibility to notify all property owners within the affected closure area. It is also your responsibility to notify Harrisburg City Parking Enforcement (717-255-3141) and Standard Parking (717-234-2274) at least two days prior for temporary no parking signs to be posted and / or meters to be bagged within the work area.
